National Forest Foundation

NFF Grant Programs

Through its on-the-ground conservation programs, the National Forest Foundation supports action-oriented projects that directly enhance the health and well-being of America's National Forests and Grasslands and that engage the public in stewardship.

Nonprofit organizations dedicated to addressing natural resource issues on National Forests and Grasslands can apply for support to complete projects through three distinct grant programs.

Additionally, the NFF provides funding opportunities that address specific strategic initiatives aligned with our mission and goals.

See the table below to find the grant program that is right for your organization or project.

BRUNSWICK TOWN COMMONS COMMITTEE NEWSLETTER

The newsletter will update Brunswick residents with happenings in the Town Commons.

Summer Edition

01 Chestnut planting

The committee plans to plant more chestnuts for the upcoming season. We are growing them in the town's nursery before we plant them to give them the best chance to survive.

02 Spring clean-up

Members of the committee and other Brunswick community members gathered on Saturday, May 31st to pick up trash at the Town Commons. Despite the rain, around 10 members showed up and successfully wrapped up the spring clean-up.

03 Educational Tour

Michael Douglas from Maine Primitive will hold a walk-through tour of the Brunswick Town Commons in late September. The walk through would be to examine the language of the woods through the plant and animals as he sees them. This event is available to the public.

04 Trail Mapping

The committee is working on a new mapping system to organize the trails in the Brunswick Town Commons. A finalized version of the map is expected to be complete by the end of summer.
