“Thanks for all you and your team at CML do for keeping us engaged and sane at this tough time. “

“Thank you so much for all of your hard work being a community resource for so many of us during this challenging time. We love the library and have missed seeing you all!”

” You have all done such a fantastic job of providing us with as much as you can during this time and you manage to still make it feel like a family! You don't know how much this library means to me! ”

BDA 2020 MEMBER OF THE YEAR

- “Curtis has expanded and reworked their programming and offerings to the community within the last year, especially during the pandemic. Like all of us, they’ve had to pivot and recreate themselves. The measures they put into place address the pandemic, while still providing such a valuable service to the community.”
