Employee benefits are distributed to the various departments where the salaries and wages are budgeted. The total amount distributed is indicated above. See the department budgets for distribution detail. A description of the benefits follows.

Social Security and Medicare: Brunswick extended Social Security benefits to eligible municipal employees in 1959. Full-time police and firefighters were excluded. In 1963 the Town extended coverage to police officers; full-time firefighters are still not covered. This appropriation funds the employer contribution which is split into two categories with 6.2% to Social Security and 1.45% to Medicare. Full-time firefighters have Medicare coverage only. All other employees have both for a total contribution of 7.65% of covered payroll.

Maine Public Employees Retirement System: Brunswick joined the Maine Public Employees Retirement System (MainePERS) as a participating district on July 1, 1950. In 1995 the Town joined the Consolidated Participating Local District (PLD) plan. Firefighters and Police have special plan provisions that allow them to retire after 20 or 25 years of service, regardless of age. The Town's contribution rates to MainePERS are established annually by an actuarial analysis. The employer contribution rate for firefighters is 13.4% and 14.7% for police officers. For all other employees the rate is 10.2%.

Health Benefit: Includes funding for both health insurance and health insurance buy-back. Health insurance is provided through the Maine Municipal Employees Health Trust (MMEHT), with the Town paying 85% of the premium; employees pay 15%. The budget reflects an estimated rate increase of 10% for January 1, 2023. Buy-back is a cash payment for those who elect not to take health insurance. Beginning with the 2013-14 budget, the health benefit is charged to departments on a per employee basis. The rate per eligible employee for 2022-23 is \$19,000, which represents a blended rate of all coverage options.

Life Insurance: Brunswick adopted the MainePERS Life Insurance Program in 1956 for the benefit of employees wishing to participate. At present, the Town pays only the cost of insurance for certain retired municipal and school employees. The contribution rate is determined annually on an actuarial basis.

Medical/Dependent Care: The Town offers employees the opportunity to participate in medical reimbursement and dependent care reimbursement programs. This represents administrative and other Town costs associated with these programs.

Deferred Compensation: The Town matches up to 6% for employees who contribute to the 457 Deferred Compensation Plan and who are not enrolled in the Maine Public Employees Retirement System (MainePERS).

The School Department budget does not include payments made by the State of Maine to the Maine Public Employees Retirement System for retirement and other benefits on behalf of employees enrolled in the MainePERS Teacher Plan. For the year ended June 30, 2020 those payments amounted to \$3,592,142.

The School Department budget includes debt service payments for the 2011 Elementary School Bond, the School Revolving Renovation Fund debt, and the BHS Boiler in the 2017 Bond. For the year ended June 30, 2020 those payments were \$1,585,788. State Aid to Education revenue included \$1,262,480 as an 87% subsidy of the debt service on the Elementary School Bond.

An additional \$90,816 budgeted as debt service was transferred to a capital project fund as repayment of an advance for the BJHS Air Quality project. An additional \$126,420 was transferred to a nonmajor special revenue fund to account for the Town's annual subsidy to the school cafeteria fund.

Certain expenditures related to the School Department are reported differently in the School Department's budget and the Town's comprehensive annual financial report (CAFR). The following reconciliation is provided to explain the differences in these documents

The Capital Budget is developed through the Capital Improvement Program ("CIP").

Article VI, Section 601 of the Town's Charter requires that the Town Manager prepare and submit a five-year CIP at the same time as the annual budget is submitted. The Town's current CIP policy, procedures and format were adopted by the Council in February 2013, and updated in December 2018. The annual CIP is now developed in the fall each year, and finalized in early spring for submittal to the Council. The policy establishes the content and format of the Town's capital improvement planning and provides guidelines for funding methods.

The CIP includes a list of all capital improvements proposed over the next five fiscal years, methods of financing, time schedules and annual cost to support the proposed program. The CIP is a plan; it does not fund any projects. Project funding can be authorized in a variety of formats, all of which involve a separate action by the Town Council.

The Capital Budget is included within the annual General Fund Budget, and lists the items in the first year of the CIP which are proposed to be funded through Unassigned General Fund Balance, Reserves and Other Sources, and from Municipal Revenues, or property taxes. Approval of Capital Budget items occurs with separate funding resolutions concurrent with the adoption of the Town's General Fund Budget.

County Tax		83,853			96,263		
		1,203,939			1,287,648		

Estimated Annual Tax Shift Benefit represents the increase in State subsidy amounts received and the reduction in County tax resulting from 'sheltering' the TIF districts' increased valuation from the state valuation and the calculations of the aid formulas. If the incremental values were included in the Town's state valuation, the Town would experience a reduction in State subsidies and an increase in the County tax.

To reconcile the GAAP basis to the basis used for budget purposes (Budget Basis), it is necessary to subtract from the GAAP basis the amount the State of Maine contributes to the Maine Public Employees Retirement System (MEPERS) for employees enrolled in the MEPERS Teacher Retirement Plan. The amounts to be subtracted from both GAAP revenues and GAAP expenditures for the fiscal years ended June 30, 2021, 2020, 2019, 2018 and 2017 are \$3,687,452, \$3,592,142, \$2,821,269, \$2,507,000 and 2,213,000 respectively.

To provide for unforeseen circumstances and maintain liquidity, the Town has adopted a fund balance policy. Prior to FY2010, the policy targeted the unassigned General Fund balance at 9.5% of revenues. Beginning in FY2010, the policy targets the unassigned General Fund balance at 16.67% of revenues. In accordance with the fund balance policy, when the balance falls below the target, the Town will develop a plan, implemented through the annual budgetary process, to bring the balance to the target level over a period of no more than three years.
