Employee benefits are distributed to the various departments where the salaries and wages are budgeted. The total amount distributed is indicated above. See the department budgets for distribution detail. A description of the benefits follows.

**Social Security and Medicare:** Brunswick extended Social Security benefits to eligible municipal employees in 1959. Full-time police and firefighters were excluded. In 1963 the Town extended coverage to police officers; full-time firefighters are still not covered. This appropriation funds the employer contribution which is split into two categories with 6.2% to Social Security and 1.45% to Medicare. Full-time firefighters have Medicare coverage only. All other employees have both for a total contribution of 7.65% of covered payroll.

**Maine Public Employees Retirement System:** Brunswick joined the Maine Public Employees Retirement System (MainePERS) as a participating district on July 1, 1950. In 1995 the Town joined the Consolidated Participating Local District (PLD) plan. Firefighters and Police have special plan provisions that allow them to retire after 20 or 25 years of service, regardless of age. The Town's contribution rates to MainePERS are established annually by an actuarial analysis. The employer contribution rate for firefighters is 13.4% and 14.7% for police officers. For all other employees the rate is 10.2%.

**Health Benefit:** Includes funding for both health insurance and health insurance buy-back. Health insurance is provided through the Maine Municipal Employees Health Trust (MMEHT), with the Town paying 85% of the premium; employees pay 15%. The budget reflects an estimated rate increase of 10% for January 1, 2023. Buy-back is a cash payment for those who elect not to take health insurance. Beginning with the 2013-14 budget, the health benefit is charged to departments on a per employee basis. The rate per eligible employee for 2022-23 is \$19,000, which represents a blended rate of all coverage options.

**Life Insurance:** Brunswick adopted the MainePERS Life Insurance Program in 1956 for the benefit of employees wishing to participate. At present, the Town pays only the cost of insurance for certain retired municipal and school employees. The contribution rate is determined annually on an actuarial basis.

**Medical/Dependent Care:** The Town offers employees the opportunity to participate in medical reimbursement and dependent care reimbursement programs. This represents administrative and other Town costs associated with these programs.

**Deferred Compensation:** The Town matches up to 6% for employees who contribute to the 457 Deferred Compensation Plan and who are

The new Central Fire Station on Pleasant Street is expected to be put in service in the summer of 2022, replacing the 103 year-old Central Station on Maine Street. Beginning with the 2022-23 budget, these buildings appear as separate sections, and the old Central Station budget reflects only basic costs to maintain minimal heat and fire protection. The Town has conducted a conditions study of the building, and is exploring options to sell and/or re-develop the property.

Activities include the removal of snow and ice and the spreading of sand and salt on public streets, sidewalks and parking areas. Costs may vary considerably from year to year depending on winter conditions. Expenditures in the Overtime account depend on the number and timing of storm events during the winter. Rental of Winter Equipment is to hire outside contractors for the East Brunswick/Jordan Avenue contract, the Meadowbrook/Parkview/Greenwood contract and to haul snow. The Town has twenty total snowplowing routes; it hires contractors for seven.

This appropriation covers aid to persons in Brunswick who are in need of financial relief, and the administrative expenses of the Town related to welfare, general assistance and human services. Brunswick handles each case with an active referral system and a workfare program, the combination of which results in significantly lower costs for the municipality and higher levels of assistance for the clients.							
The new Housing and Community Partnerships Coordinator is funded through a two-year grant from the Maine State Housing Authority passed through the Immigrant Resource Center of Maine, to provide a coordinated community response to housing and basic human needs in the immigrant community.							
The Health Officer is responsible under Maine Statutes for the reporting, prevention and suppression of disease and all conditions dangerous to health. The Deputy Fire Chief serves as Health Officer and the salary budgeted here is in addition to his salary as Deputy Fire Chief. He investigates health related complaints and inspects premises of victualer's license applicants.							
Prior to 2023-24, Human Services was accounted for in two sections: General Assistance and Health and Social Services. Beginning in 2023-24, recognizing the expansion of services over the past several years, these have been combined into one Human Services Department.

The School Department budget does not include payments made by the State of Maine to the Maine Public Employees Retirement System for retirement and other benefits on behalf of employees enrolled in the MainePERS Teacher Plan. For the year ended June 30, 2022 those payments amounted to \$3,677,010.

The School Department budget includes debt service payments for the 2020 Elementary School Bond, the 2011 Elementary School Bond, the School Revolving Renovation Fund debt, and the BHS Boiler in the 2017 Bond. For the year ended June 30, 2022 those payments were \$3,049,567.

State Aid to Education revenue included \$1,215,295 as an 87% subsidy of the debt service on the Elementary School Bond.

An additional \$125,000 was transferred to a nonmajor special revenue fund to account for the Town's annual subsidy to the school cafeteria fund.

Certain expenditures related to the School Department are reported differently in the School Department's budget and the Town's comprehensive annual financial report (ACFR). The following reconciliation is provided to explain the differences in these documents

Recreation Administration oversees the Recreation Building and the Buildings & Grounds division, and manages the Recreation Programs. The majority of the Recreation Programs are accounted for in Special Revenue funds, where fees collected are put to the direct costs of the individual programs. The Program Assistant oversees these programs, and a portion of that salary is paid through program fees.

The Capital Budget is developed through the Capital Improvement Program ("CIP").

Article VI, Section 601 of the Town's Charter requires that the Town Manager prepare and submit a five-year CIP at the same time as the annual budget is submitted. The Town's current CIP policy, procedures and format were adopted by the Council in February 2013, and updated in December 2018. The annual CIP is now developed in the fall each year, and finalized in early spring for submittal to the Council. The policy establishes the content and format of the Town's capital improvement planning and provides guidelines for funding methods.

The CIP includes a list of all capital improvements proposed over the next five fiscal years, methods of financing, time schedules and annual cost to support the proposed program. The CIP is a plan; it does not fund any projects. Project funding can be authorized in a variety of formats, all of which involve a separate action by the Town Council.

The Capital Budget is included within the annual General Fund Budget, and lists the items in the first year of the CIP which are proposed to be funded through Unassigned General Fund Balance, Reserves and Other Sources, and from Municipal Revenues, or property taxes.

Estimated Annual Tax Shift Benefit represents the increase in State subsidy amounts received and the reduction in County tax resulting from 'sheltering' the TIF districts' increased valuation from the state valuation and the calculations of the aid formulas. If the incremental values were included in the Town's state valuation, the Town would experience a reduction in State subsidies and an increase in the County tax.

To reconcile the GAAP basis to the basis used for budget purposes (Budget Basis), it is necessary to subtract from the GAAP basis the amount the State of Maine contributes to the Maine Public Employees Retirement System (MEPERS) for employees enrolled in the MEPERS Teacher Retirement Plan. The amounts to be subtracted from both GAAP revenues and GAAP expenditures for the fiscal years ended June 30, 2021, 2020, 2019, 2018 and 2017 are \$3,687,452, \$3,592,142, \$2,821,269, \$2,507,000 and 2,213,000 respectively.

To provide for unforeseen circumstances and maintain liquidity, the Town has adopted a fund balance policy. Prior to FY2010, the policy targeted the unassigned General Fund balance at 9.5% of revenues. Beginning in FY2010, the policy targets the unassigned General Fund balance at 16.67% of revenues. In accordance with the fund balance policy, when the balance falls below the target, the Town will develop a plan, implemented through the annual budgetary process, to bring the balance to the target level over a period of no more than three years.
