Pick-up Pickleball

Pickleball is the fastest growing sport in the United States, as all ages have started to pick up a paddle and learn more about this fun and active sport. Pickleball is a fun and exciting (and addictive) racquet sport, which differs from tennis by utilizing a court less than half the size of a tennis court. It is primarily played as a doubles sport which means each person only has to cover about ten feet of court side-to-side. The rules are few and simple and the game utilizes an underhand serve, perforated plastic ball and "no-smash zone," seven feet in front of the net which allows for an easy-to-learn sport with a slower finesse-style of play.

A Pickleball court has the same dimensions as a badminton court (44 by 20 feet) with a net that is two inches lower than a tennis net. The sport is played with wooden or composite paddles that are about twice the size of a ping pong paddle and a perforated plastic ball similar to a whiffle ball.

This indoor program offers 2 courts for a drop-in style play and allows adults to play many times throughout the week. This indoor program allows adults to come down and play a game that is best described as human ping pong! This program is welcoming new players all the time, be sure to come down and check it out!

We have a selection of paddles and pickleballs for players to use during the session.

American Red Cross Swim Lessons at Coffin Pond

The Brunswick Parks and Recreation Department is offering American Red Cross Swim lessons at Coffin Pond once again this summer! Level 1: Introduction to Water Skills, Level 2: Fundamentals of Aquatic Skills, and Level 3: Stroke Development will be taught*. Level 1 Students will learn how to feel comfortable in the water and safely enjoy it. Level 2 students will learn basic swimming skills. Level 2 students should comfortably be able to put their face in the water and make a few feet of forward movement with minimal, or no, flotation. Level 3 students will engage in guided practice that will help students improve their stroke. Additionally, classes will teach children to develop good habits in, on, and near water, to become comfortable in the water, to learn and refine new strokes, and to become stronger, safer swimmers. To ensure safety of all swimmers, class size will be limited.

Lessons are taught at Coffin Pond by certified American Red Cross Instructors. Coffin Pond is an outdoor, chlorinated swimming facility that touts a zero-depth entry that is great for beginners and a 55' waterslide! Children receiving instruction at Coffin Pond will gain experience swimming in all areas of Coffin Pond and each day will include a different safety topic. Each lesson will also include a free play period where children can explore and practice their technique!

***Due to facility constraints at Coffin Pond and requirements for mastering level 3, participants in level 3 will not be eligible to pass onto level 4. Enrollment in Level 3 is only recommended for beginner or intermediate Level 3 participants who do not expect to receive a certification of mastery by the end of the session. If you have questions about this restriction, please reach out to our office to discuss whether or not it is appropriate to enroll your Level 3 swimmer in the program!**

Community Support

Community support for the MARC is clear. When the Town of Brunswick surveyed residents, 70% said the MARC is "Very Important". In addition to the survey, the Town held focus groups, constituent stakeholder meetings, and a public forum. Support for the MARC cuts across all demographic categories and voting districts.
