## REQUEST FOR CONSERVATION CLOSURES / OPENINGS

"Prior to closing or opening an area of a municipality to shellfish harvesting the municipality shall review the status of the resource affected and secure the recommendation of the DMR area biologist and the approval of the commissioner." **Maine DMR Regulation 7.50**

The following steps should be followed to gain the approval of the Commissioner in a timely manner.

### PROCEDURE

1. Contact the Marine Resource Scientist responsible for your town. His or her agreement will be required for any conservation action proposed by the municipality. (Find your Marine Resource Scientist on the Nearshore Marine Resources [Website](#).)
2. Fill out the application on the following page.
3. Submit the completed application, *at least 20 Business Days Prior* to the requested date, to the appropriate Marine Resource Scientist by one of the following methods:

A. Email (preferred):

Send the electronic completed form to:  
[DMRPublicHealthDiv@maine.gov](mailto:DMRPublicHealthDiv@maine.gov)

B. By Mail (USPS): Mail the completed form to the address listed below

Nearshore Marine Resources Program  
P.O. Box 8  
West Boothbay Harbor, ME 04575

Advertising must be done no less than 5 business days prior to the scheduled event. Proof of advertising must be forwarded to the department.
